

General Terms and Conditions and Terms of Participation The White Ring – The Race 2022

1. General Remarks

(Amendments for reasons of Covid-19 possible)

The General Terms and Conditions and Terms of Participation described below apply for all participants in the public ski race “Der Weisse Ring – Das Rennen” (“The White Ring – The Race”). The race is organised by Lech-Zürs Tourismus GmbH, Dorf 2, 6764 Lech, Austria +43 5583 2161-0, info@lechzuers.com, www.lechzuers.at.

The race starts at Rüfikopf mountain (2350 m) and the finish is at Lech am Arlberg (1450 m). The organising committee can change the route in exceptional circumstances.

The course is partially identical to the existing ski circuit “Der Weisse Ring” (“The White Ring”). For the duration of the race, the ski slopes and backcountry ski runs are closed to the general public. However, the slopes are not groomed specifically for the race.

All participants must pass through all gates. Participants who miss a gate will be disqualified. Some of the gates are unmarked timekeeping gates.

The instructions of the race marshals must be followed. If a red flag is waved, the participants must stop IMMEDIATELY. If a yellow flag is waved, participants must reduce their speed significantly and continue with extreme care to avoid injured persons etc. such that they can stop at any time. Failure to do so will result in disqualification!

Participants undertake to adapt their speed, taking account of the terrain and conditions they see before them. Moreover, the general FIS rules, especially FIS rule no. 2 (Control of speed and manner of skiing), shall apply.

There shall be no entitlement to any time credits should one of the cable cars and lifts used in the race come to a standstill.

All participants are obliged to report in at the finish line, even if they do not complete the race.

The cut-off mark for timed finishers shall be 2:00 pm, which may be brought forward if the last participants arrive earlier. After the cut-off point, there shall be a period of 15 minutes for objections; once this period expires, the results shall be deemed set.

The presentation ceremony shall take place 20 minutes after the last racer arrives.

Decisions made by the organising committee shall be binding and not contestable.

2. Course Inspection

(Amendments for reasons of Covid-19 possible)

The race course for “Der Weisse Ring – Das Rennen” (“The White Ring – The Race”) shall be laid out on Friday 14th January 2022, marked with all gates from 12:00 noon onwards (work will be underway on the course until then) and shall be open for inspection until Friday at 3:00 pm. After 3:00 pm, individual gates can only be moved if the race management considers this essential for safety reasons. During the inspection, the course is open to the general public. This primarily means that (high-speed) race-type skiing is prohibited and that the course is being used by third parties. Failure to observe these regulations will result in disqualification!

3. Race Equipment

All participants are required to wear a helmet (tested to CE standard). Compliance with the helmet requirement will be checked at the start.

Only participants with skis or snowboards will be allowed to participate.

Participants must wear their bib numbers in a clearly visible position during the race. Participants who give their bib number to other persons, or make any changes to the official bib number, in particular by covering or disguising the advertising print or number, shall also be disqualified.

Racing suits are prohibited. Failure to adhere to this rule shall lead to the disqualification of the corresponding participant.

The adapted rules of FIS Ski Cross (ICR) shall apply for clothing. There must be a clearance of at least 80 mm between the material and the body in the legs and thighs down to the ski boots. The clearance at the elbows and in the biceps area must be 60 mm.

4. Skiing and Snowboarding Categories
